

Pediatric Preparedness for the Healthcare Professional

July 26th - 27th, 2023

**Where: Children's Healthcare of Atlanta, Ashrae Building, Classroom 1A
1791 Tullie Circle, Atlanta, GA 30329**

**For: Medical response personnel, health care providers, and medical volunteers
CME, CNE and EMS CE available!**

This 2-day, 16-hour course will be a standardized, national-level pediatric disaster training focused on emergency management, public health, clinical preparedness, and resiliency and recovery. At the successful completion of the course, participants will recognize components necessary to developing a comprehensive community and facility plan designed to improve pediatric clinical and post disaster resilience.
